Call to Order:

1. New Business

a.) Review Charge from The Town from Town web site

The Cable and Internet Advisory Committee (CIAC) in Truro, Massachusetts's charge from the Select Board is to help the town understand networks and the internet, and to discuss how to use Open Cape to lower the cost of the town's information needs. The CIAC's goals are not to make decisions about what Truro needs, but to help inform decisions about a municipal area network for the town.

Email going out to check internet speeds
