Meeting called to Order at 12:04 pm

Meeting Minutes of 11/13 approved with minor corrections.

The meeting was centered around gaining clarity on the future steps for the committee to take to achieve the goals of the committee.

Discussion on :

What we are doing

What we don't know

What issues need to be resolved

Priorities

Related to priorities, it was agreed that our next meeting would focus on walking through the 18 principles in the first Walsh Committee Reports Specific Recommendations and to align our next steps with that report which was approved at Town Meeting in May 2024.

Report on the RFP Presentation that many members attended. Committee members reported on the many types of structures being built on the Cape that could inform our plans moving forward.

There was emphasis on the Town of Truro getting as much infrastructure built or planned before asking for RFPs.

Discussion on the importance of education, outreach and communication with the community.

Discussion of making a site visit, either individually or as a group.

Discussion on joining the web pages of the Original Walsh Committee and the current Walsh Ad Hoc Committee.

Next meeting: Focus on Principles of Walsh Committee Report  
Developing H2O issues.
