

Truro Climate Action Committee Meeting Notes: 10/8/19

Attendees: Emily Beebe, Michael Holt, Bob Higgins-Steele, Carol Harris, Joanne Hollander, Fred Gaechter

Topic	Assigned to	Description	Status
Meeting notes from 9/10 and 9/24	All		Accepted by CAC
Discussion of what constitutes a quorum with respect to our committee meetings	Emily will get clarity from Rae Ann		
CAC identified how Truro would be affected by Climate change	All	See separate notes	
Emily discusses Truro's receipt of MVP grant,	Emily	Truro's eligibility for MPV grant was based on issues such as culvert restoration, considered one of our biggest vulnerabilities. Emily suggest we read Chapter 5 of Fema's HMP – 2017 document.	
Emily discusses MCZM (Mass Coastal Zone Management) grant for shorefront management plan for Bay side. Phase one has been accepted. Phase two is pending	Emily	Phase one will cover research, regulations and actions, inventory of structures, flood pathways Phase 2 of grant through HMP will develop uniform plan to regulate flood plan. Emily says we must listen to what science tells us as we design tools to adapt to climate change.	
Michael suggested extending our bi-monthly meetings to 2 hours	All		Motion was accepted, seconded and voted in favor.

Carol Harris
