

TRURO LOCAL COMPREHENSIVE PLAN COMMITTEE (LCPC)
Meeting Minutes
February 22, 2018 - 5:00pm
Truro Town Hall

Members Present: Chris Clark, Morgan Clark, Ellery Althaus, Eric Jansen, Claudia Tuckey, Cally Harper (Absent: Steve Sollog, Jay Coburn)

Transportation Section – continue discussion of data, goals, and actions. This discussion is continued from February 8, 2018.

Ms. Harper prepared an outline of the Transportation Section which included a description of the Modes of Transportation; a list of reports on traffic counts, safety, bike and walkways, parking and shuttle services, ferry services, culverts and roadways and emergency traffic flow patterns; a list of bright spots in Truro with respect to transportation; opportunities and needs; goals; actions, revisions to local bylaws; existing collaborations and stakeholders. The LCPC reviewed the meeting materials and Ms. Harper explained how important this outline is and how it will be used to create the LCP Chapter on Transportation.

Mr. Clark suggested a new approach to LCPC meetings in the near future. He suggested that the LCPC meet twice a month at their standing 2nd and 4th Thursday night meetings and a smaller subcommittee of LCPC members meet during the month to review specific issue areas. The group discussed his idea but did not come to a consensus. Mrs. Clark mentioned that LCPC members might not have to meet as a subcommittee; instead members could research topics and send the information to Ms. Harper for inclusion in the draft plan.

Submitted by,
Cally Harper
